

## THE PROJECT: Making a Giving Tree (page 1)

**Step 1:** Order materials.

- 977546** 3' Tree
- 24181** 24 Gauge Wire
- 983938** #9 Ribbon
- F4107** Wire Cutters
- + Lightweight, wrapped gifts

**Step 2:** Wrap branches.

Remove four layers of branches by wrapping them around center pole.

**Step 3:** Flatten branches.

Flatten remaining branches, creating a shelf-like structure.

**Step 4:** Add wire to gifts.

Attach a piece of wire (cut the same width as the gift) to the back of the gift. Here we have inserted it through the ribbon.

**Step 5:** Add packages.

Using the wire, wrap gift around a sturdy branch.

**Step 6:** Add more packages.

Continue adding gifts until the tree is full.

## THE PROJECT: Making a Giving Tree (page 2)

7

**Step 7:** Add a decorative bow.

Top your tree with a bow.  
(See how to tie this bow in the "Education" section of the burton + BURTON™ website.)

8

**Step 8:** Add + twist streamers.

Add additional streamers to top of tree using wire. Twist streamers.

done!
