directions:

Helium inflate three 18" foil balloons with the proper helium regulator (we recommend #BR74HG). Tie with silver curling ribbon. Attach balloons to a Hershey Kisses® box. Make a small bow with the #9 wired sheer ribbon and attach to the Hershey Kisses® box with a piece of Stik-em tape.

To make the ribbon butterfly attachment, cut a piece of #9 wired sheer ribbon to 5" and another to 3". Place the 3" ribbon onto the 5" piece of ribbon and tie directly to the stem of the balloon.
