**directions:**

Air-fill one 18" foil balloon. Tape the balloon stem back onto itself. Tape a Heavy Weights™ balloon weight to the back-face of the balloon. On the opposite side, adhere two Klik-Klik™ adhesive tabs facing each other.

Helium-fill the other three 18" foil balloons. Tie the balloon stems with sheer pink #9 ribbon. Attach this bunch directly to the adhesive tabs on the weighted foil balloon. Make a three-loop bow with medium ribbon tails and attach to the adhesive tabs to conceal the mechanics.
