Mini Cool Aire®
Dual Pro™ Inflator

directions:

Air-fill two 37" Linky heart balloons. Turn one balloon upside down and insert into the links as shown in the picture. Tape the Linky hearts together securely. To use the Amazing Wrapzz, cut single strands. Cut the strands to different lengths so that the 14" pre-inflated hearts will hang at different heights. Tape an Amazing Wrapzz strands to each pre-inflated heart. Tape the other end directly to the chandelier. For the bottom, tie two pre-inflated hearts together, and then tie to the lower part of the chandelier. Cut a five row piece of Amazing Wrapzz to make a hanging point at the top of the chandelier.
