directions:

Air inflate the blue Orbz™ balloon until wrinkle-free, or use the Inflation Gauge provided in the package. Note: air inflation will take longer than expected. Fold the balloon stem and tape down onto itself.

Cut a desired length of #40 silver mesh ribbon and form a circle. Secure the circle with OASIS® UGLu™ adhesive dashes. Cut a desired length of dazzling sea Amazing Wrapzz and form a circle of bling on top of the silver mesh ribbon. Secure with adhesive dashes. Place adhesive dashes along the bottom edge of mesh ribbon and press into place around the stem of the balloon.

Form a piece of Deco Wire™ to resemble an ornament hook. Wrap the bottom portion of the wire with stem wrap. Secure the ornament hook to the stem of the balloon with adhesive dashes.
