

Naughty Santa

ingredients needed:

1 ea-9710736
 Felt Hat Asst.

2 ea-54641
 Red 6"
 LINK-O-LOON® Latex

1 ea-1197-36
 43" Santa Foil

1 ea-9710820
 Blingers®

1 ea-PS16W
 Plastic Sticks

1 ea-W21
 Heavy Weights™

equipment:

831
 Mini Cool Aire®
 Dual Pro Inflator

BR74HG
 Dual Foil + Latex Inflator

1 ea-MB101
 Mini Bases

directions:

Helium inflate the Santa foil balloon until full. Be sure to use the correct regulator tip.

Attach the small round adhesive candy box tape to the Mini Base. Attach the Mini Base to the balloon weight. Insert the straw into the Mini Base to form a support system for the Santa hat. Place the Santa hat over the support system. This will ensure the hat stands perfectly straight.

Air fill a 6" red LINK-O-LOON® latex balloon until full. Tie the neck into a knot. Repeat with the second LINK-O-LOON® and tie the neck of the balloon around the stinger of the first LINK-O-LOON®. Tie the neck of the first LINK-O-LOON® directly to the Blingers®. Place the Blingers® over the fur tip of the hat. To finish the design, attach the neck of the Santa foil balloon to the stinger of the top latex LINK-O-LOON®.

The design is complete! This makes a darling delivery piece as well as a perfect centerpiece for any holiday party.
