 Hearts Cello Sheets

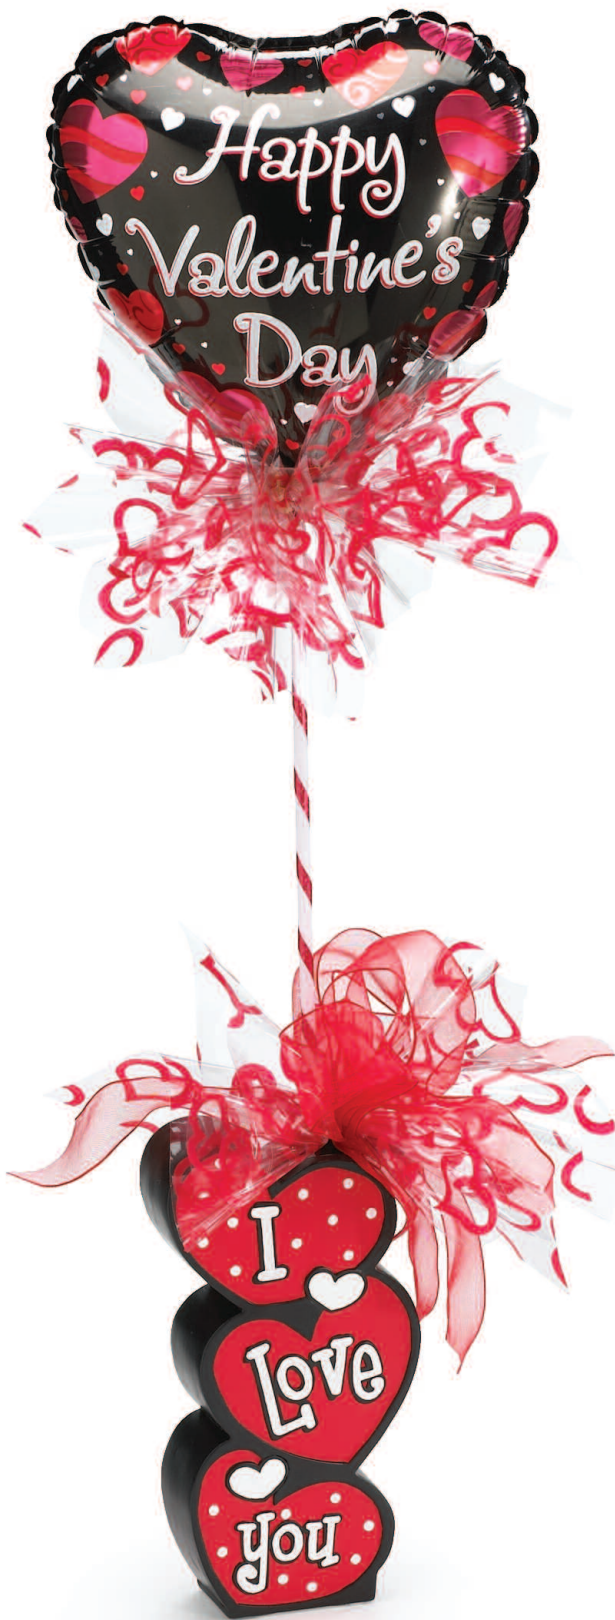

**972103**  
 Scarlet Red Sheer  
 Fabric Ribbon

**D31613**  
 Red Holographic  
 Curling Ribbon

**MB101**  
 Mini Bases and Tape

## equipment:

**01569**      **01560**  
 Glue Pan      Glue Pillows

## directions:

Turn the pre-inflated balloon upside down. Make cello tufts simply by cutting the sheet into squares. Gather the squares in the middle and dip into the glue pan. Glue cello tufts randomly around the cup on the balloon. Insert the stick into the cup. Secure the round tape onto the Mini Base by peeling off the protective paper. Insert one end of the stick into the Mini Base. Dip one end of the curling ribbon into the glue pan and secure the ribbon to the cup of the balloon. Tilt the stick and wrap the curling ribbon around it. Glue the other end of the ribbon to the Mini Base. Peel the paper off the other side of the tape and secure to the bottom of the vase. Take two tufts and turn them in opposite directions. Tie the cello paper tufts tightly in the middle with ribbon. Secure the tuft to the stick, and to the opening of the vase with glue from the glue pan. Make a bow with the scarlet ribbon and glue to the cello paper tufts.
