

# WREATH DISCS

**9722332** Wreath Discs  
White. Wood. 13" Diameter

Add an extra dimension to Work Wreaths. A coordinating Wreath Disc provides strength and stability, allows a place for personalization (monogram or initial), and offers a flat surface for other decorations or gifts to be attached with Glue Dots® or other suitable adhesive.

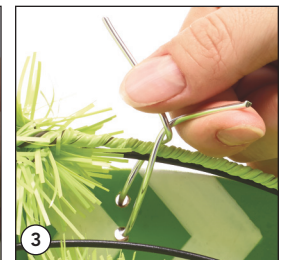

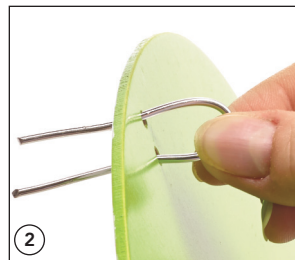

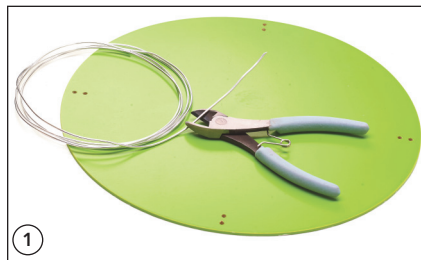

*Decorated wreath shown for illustrative purposes only.*

BACK

## How To:

1. Have handy: a Wreath Disc, wire clippers, + wire.
2. Loop a small piece of wire through a pair of holes on the back of the Wreath Disc.
3. With disc butted against the back of wreath, twist ends of wire together around wreath frame, securing in place.
