## Supplies

 30 Minutes

Qty 1  
35" Snowflake Ornament  
Product #22579-36

Qty 20  
11" Green  
Product #Q-11-22

Qty 20  
11" Red  
Product #Q-11-23

Qty 1  
Base-Arch/Column  
Product #83002

Qty 1  
Extension Pole  
Product #83003

Qty 1  
Precision Air™ V6 Inflator  
Product #83601

Qty 1  
Balloon Shine™  
Product #00119

## Directions

1. Air-fill two green Qualatex® latex balloons to 9". Tie together to form a duplet. Inflate two red Qualatex® latex balloons to 9" and form a second duplet. Twist the two duplets together at the knots to form a four-balloon cluster.
2. Repeat Step 1 for a total of ten balloon clusters.
3. Simply slide the first quad onto the bottom of the pole and twist two of the 11" to secure it to the pole.
4. Slide the next quad onto the pole, up against the previous cluster and twist two of the latex balloons to secure the cluster to the pole. Repeat until all clusters are on the pole and secured.
5. Lastly, tie the 35" foil Ornament balloon to the top balloon cluster as a topper.
