Maxine + Bob Burton

HISTORY

In the small back room of a wholesale florist, Maxine Burton was starting a revolution . . .

It was 1982 and she was working at Flowers, Inc. Wholesale, a floral distributor co-owned by her husband, Bob. Silver foil balloons had just been invented, and florists were starting to request them. She soon realized that the balloon imprinting process could be used to print a message or design on a balloon, creating a floating greeting card—a concept that would soon transform the floral industry and lead her to found Flowers, Inc. Balloons®. Her ingenuity has taken the company from a backroom startup to The World's Largest Balloon and Coordinating Gift Supplier®.

In 2006, Flowers, Inc. Balloons® changed its name to burton + BURTON® to represent the extensive inventory of balloons, floral supplies, coordinating gifts, and home goods the company offers.

PRESENT

burton + BURTON®, a family-owned and -operated business based in Bogart, Georgia, is the largest supplier of balloons and coordinating gift products in the world. Its headquarters consists of 171,000 feet of warehouse, showroom, and office space. Additionally, the company operates in three off-site facilities for a grand total of approximately 300,000 square feet of floor space.

OUR MISSION

Founded in 1982, burton + BURTON® is dedicated to offering products that provide joy and comfort. From balloons to plush to floral containers and more, our goal is to supply the means by which people can express their most heartfelt sentiments.

We offer products for life's special occasions: holidays, birthdays, graduations, weddings, and more—but we also know that any occasion can be special. And all it takes to celebrate a special day is a special gift.

burton + BURTON® will continue to set the standard of excellence in the balloon and gift industry for customer service, product selection, and quality merchandise. We will continue to be successful in this mission by applying these guiding principles:

- Hiring and developing employees of the highest caliber who will be loyal and dedicated
- Using our organization's combined talents to provide excellent service and satisfaction to our valued customers
- Maintaining business relationships with suppliers of the utmost integrity and moral operating principles who dependably deliver high quality merchandise
- Continually offering our own new and exclusive product designs as well as products sourced from around the globe

MAXINE H. BURTON

Founder, President, + Chairman of the Board

Maxine H. Burton is the founder, president, and chairman of the board of burton + BURTON®. Established in 1982 and headquartered in Bogart, Georgia, burton + BURTON® is the world's largest supplier of balloons and coordinating gift products, employing a staff of over 300. Maxine actively travels the globe and works tirelessly in conjunction with in-house artists to guarantee all products are on-trend and ensure customer satisfaction.

Maxine earned a Bachelor of Science in Education and a Master of Education from the University of Georgia, where she was a member of Alpha Xi Delta sorority. She continued her education at Harvard Business School, taking executive courses in 1998 and 2001. She is married to Robert E. Burton, COO of burton + BURTON®. They have two children, who both work at the company, and three grandchildren.

Maxine takes pride in working with others in her industry and community and has received numerous local and national commendations for her achievements and service. She has served and continues to serve on numerous boards.

RACHAEL BURTON DILLON

Chief Executive Officer

Rachael Burton Dillon is the Chief Executive Officer at burton + BURTON®. The company, founded by her mother, Maxine H. Burton, in 1982, is the world's largest supplier of balloons and coordinating gift and home décor products. Though Rachael's concentration is in the company's International Division, as CEO she is involved in all aspects of the business.

Rachael earned her Bachelor of Science in Education from the University of Georgia in 1998, where she was a member of the Kappa Delta Sorority. After graduation, Rachael taught first and second grade before deciding she would like to contribute to the success of her family's business. This led her to enroll in graduate school to obtain her Master of Business Administration degree. Rachael earned her MBA in 2002, graduating from Georgia State University.

In 2003, Rachael joined burton + BURTON full-time. Rachael has worked in many areas of the business, assuming the role of Director of Imports in 2008 and Vice President in 2014. She was named CEO of burton + BURTON, A Women-owned Business, in 2021.

Rachael lives in Athens, Georgia, with her husband, Edward Saseen Dillon, and her three children, Robbie, Ella, and Lizzie. She and her family are active members of Athens First United Methodist Church and contribute to many local charitable organizations.

In 2018, burton + BURTON implemented a program, The Weaving Hope Project, to empower women in Africa by purchasing their handmade woven baskets. 100% of the proceeds from the sale of these baskets are used to build schools to educate and help feed African children. The International Division at burton + BURTON was instrumental in the sourcing, transporting, and ultimately the success of this project. To date, two schools have been built in Rwanda.

ELEVATING WOMEN IN BUSINESS

Since Maxine H. Burton, Founder and President, established burton + BURTON® over 40 years ago, she has taken pride in elevating women's careers. Her beloved mother, Emma Lou Hubbard, was by her side from the start, and today her daughter, Rachael Burton Dillon, serves as Chief Executive Officer.

Maxine is proud the company has become nationally certified as a Women's Business Enterprise (WBE) by the WBENC, a leading non-profit dedicated to supporting women-owned business.

She will continue investing in women's careers and is determined to pass along the wisdom and support to the next generation of women business leaders.

As two trailblazers for women in their industry, Maxine H. Burton and Rachael Burton Dillon show appreciation for International Women's Day.

burton+BURTON®

CUSTOMERS

The relationships forged with our customers are at the heart of our business. We pride ourselves in providing on-trend products, educational seminars, and ordering assistance throughout the entire purchase process. We consider our customers not simply as business associates, but as friends and family.

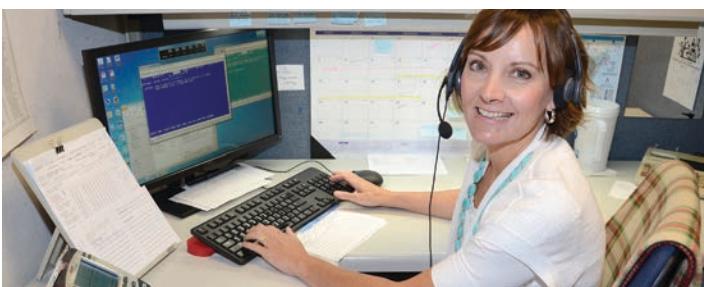

EMPLOYEES

With over 300 dedicated employees on staff to serve our valued customers, our enthusiastic team goes the extra mile to ensure that customers' orders deliver complete satisfaction.

The burton + BURTON® family extends beyond the Burtons and their employees. It is with much affection that Maxine and Bob embrace the families of their employees. The sacrifice and support of those families, especially during peak seasons, is vital to the company's success. The Burtons enjoy time with these families throughout the year with picnics, parties, and other company-sponsored events.

Maxine and Bob frequently say that one of the things they take the most pride in is watching their employees grow and thrive. Celebrating weddings and births side-by-side and enduring sorrows hand-in-hand, there is a bond that goes far beyond employer and employee; the only fitting word is family.

burton+BURTON®

SHOWROOMS

At burton + BURTON®, we take great pride in creating extraordinarily stunning showrooms and in staffing them with employees eager to help you find the perfect products for your customers.

burton + BURTON® maintains three permanent showrooms across the country, including one on-site at the corporate headquarters in Bogart, Georgia. The other locations include AmericasMart® in Atlanta and Dallas Market CenterSM. The three showrooms total over 25,000 square feet of floor space. Collections and seasonal displays are designed by the company's own visual merchandising team for customers and markets throughout the year.

COMMUNITY

Maxine + Bob believe that civic responsibility is equally as important as personal goals. As a result, burton + BURTON® is involved in many major nonprofit fundraisers in the area, including the American Cancer Society's Relay for Life, United Way® funding, American Red Cross blood drives, various March of Dimes® events, Toys for TotsSM campaigns, and the American Heart Association's Heart Walks. Maxine and Bob contribute substantially to many nonprofit organizations and encourage their employees to participate as well.

As part of their commitment to their family of employees, the Burtons provide health services to all employees, including immunizations and health screenings. Other benefits that offer convenience to employees and help relieve some financial burden are subsidized childcare benefits and an on-site beauty salon. Employees can receive 75% of their childcare cost reimbursed, and haircuts in the employee salon are offered at minimal cost.

BUILDING A FUTURE FOR CHILDREN IN RWANDA

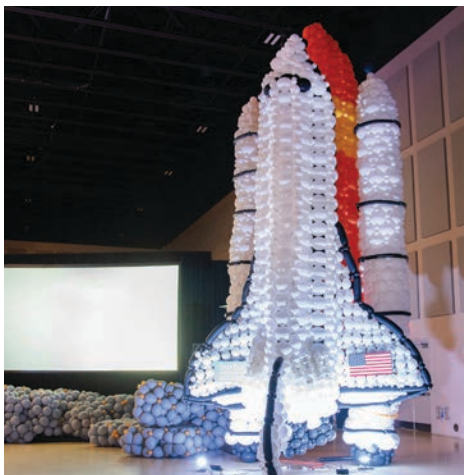

In 2018, burton + BURTON® partnered with Beacon Technologies to weave hope for children in Rwanda. Only about 13% of Rwandan children attend preschool and 50% have stunted growth due to malnutrition. The idea behind Weaving Hope was simple: fund new schools for Rwandan children with sales of beautiful handcrafted baskets made by local artisans in the small Rwandan village of Gitarama. The proceeds went directly to building two schools to nourish the minds and bodies of children—weaving hope for their future.

This mission not only helped the children, but also offered opportunities for Rwandan women to earn a steady living and escape gender-based violence, inequality, and discrimination. These authentic, handmade African baskets arrived directly from a women's cooperative in the village of Gitarama. Proceeds created meaningful jobs that provided for their families, moving them from crisis and poverty to stability and economic self-sufficiency.

As of 2022, both preschools have opened and begun serving their communities. The second preschool also functions as a training center for the East African Christian College (EACC). The center allows college students to work in a student-teaching and training environment that produces effective preschool teachers upon graduation.

BALLOON SHOWCASE™

In August of 2022, burton + BURTON® hosted a Balloon Showcase™ displaying the breathtaking designs created at Ballooniversity®. Over 4,000 people from the local Athens, Georgia, community came to view more than 400,000 balloons. The showcase was free to the public, and all patrons were invited to donate to two local charities.

100% of the proceeds raised went directly to The Boys & Girls Clubs of Athens and Extra Special People (ESP).

The amount contributed was \$6,000, with a match of \$6,000 from burton + BURTON®, for a total of \$12,000 in donations.

Each charity received a \$6,000 check.

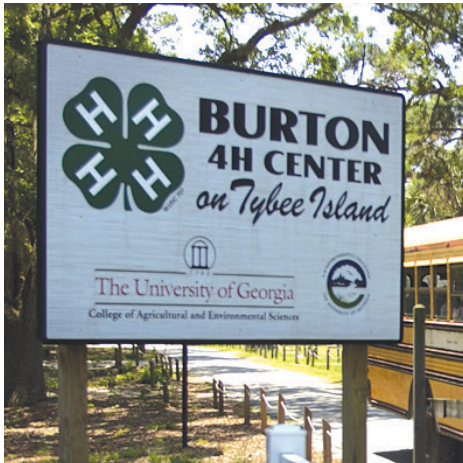

The Boys & Girls Clubs of Athens have provided an exceptional experience and safe environment for all youth to develop good character and help them realize success is within reach.

Extra Special People creates transformative experiences for people with disabilities and their families. ESP envisions a world where every person, of every ability, has universal access to everything life has to offer.

burton+BURTON®

THE BURTON 4-H CENTER ON TYBEE ISLAND

One of the great childhood joys for Maxine and Bob Burton was the fun and friendship of participating in the 4-H program and attending 4-H summer camps. Growing up, Maxine was involved in 4-H in Forsyth County and attended camp at Rock Eagle, Wahsega, and Tybee Island. Bob attended camp at Rock Eagle, and as a University of Georgia student, he spent the summer of 1968 as a counselor at the Tybee Island camp.

"Some of my most cherished memories and valuable life experiences came through 4-H programs and attending camps," Maxine recalls. "I'm grateful for the opportunities 4-H provides young people throughout Georgia and the United States, and for the opportunities that were provided to me."

When Bob and Maxine learned that the 57-year-old Tybee Island camp had fallen into such serious disrepair that it might be closed, they immediately offered to help with a donation to the Georgia 4-H Foundation. Their gift, along with smaller contributions, helped pay for urgent repairs and renovations to the camp's buildings.

"Thanks to Maxine and Bob's generosity, new life has been breathed into this facility, and it will continue to provide enjoyment and education to Georgia 4-H members," said Former University of Georgia President Michael F. Adams. "We are very pleased to honor these outstanding alumni supporters in this way."

Thanks to the Burtons' donation, the Tybee Island facility celebrated 75 years of operation in November 2021. About 1,000 children attend week-long summer camps at the center, and 6,000–7,000 enjoy the facility throughout the year for three-day education programs on coastal ecology and the marine environment.

Arch Smith, associate state 4-H leader, reports that time, weather, and heavy use had taken a harsh toll on the center's buildings. The Burtons' gift helped pay for electrical upgrades, new floors and wall coverings for cabins, renovation of the dining hall, and relocation and remodeling of a staff house.

—Larry Dendy, April 26, 2004 issue, *Columns*
