

Halloween Mummy + Jack

ingredients needed:

3 ea-54611
 Crystal Clear
 6" LINK-O-LOON[®]
 Latex

7 ea-05-9767
 Halloween Face
 Asst. 5" Latex

1 ea-77009-36
 43" Mummy Foil

8 ea-90911
 Green Rainbow
 SuperAgate[®]
 11" Latex

260Qs Uninflated
 Entertainer Latex

1 ea-W21
 Heavy Weight Asst.
 Blue

equipment:

830
 Mini Cool Aire[®]
 Pro Inflator

RPB62HG
 Dual Foil +
 Latex Inflator

829
 Twist-N-Flate[™]
 Inflator

directions:

Air-fill 2-11" Green SuperAgate[®] balloons to 10½ inches and tie the necks together to form a duplet. Air-fill another identical duplet and twist the 2 sets together to form a 4-balloon cluster. Inflate one more cluster using the Green SuperAgate[®] balloons. Set aside.

Air-fill 4-5" Jack-o'-lantern faces to 4½ inches and make a cluster. Double stuff the Jack-o'-lantern faces in the clear LINK-O-LOON[®] latex. Air-fill the LINK-O-LOON[®] latex and link them together by tying neck to tail to build the column.

Helium inflate the 43" Mummy foil using the foil tip on your regulator. Tie the stem of the foil balloon directly to the stinger on the Jack-o'-lantern links.

Tie an uninflated 260Q balloon directly to the heavy weight. Starting with 1 SuperAgate[®] cluster, flatten and lay directly on the heavy weight. Wrap the 260Q up through the middle of the cluster and wrap around one of the balloons. Stack the Jack-o'-lantern cluster directly on row 1 and pull the 260Q up through the middle again and wrap around one of the balloons. Repeat this process with the last SuperAgate[®] cluster.

Tie the Jack-o'-lantern chain directly to the neck of one of the balloons in the column. If this hurts your fingers, simply use an uninflated 260Q balloon and tie to the LINK-O-LOON[®] chain. Then wrap the 260Q balloon around the SuperAgate[®] balloons in the column. Project completed!
