Dual Foil + Latex
Regulator

HS870
Heat Sealer

directions:

Air-fill the 14" foil Santa foil balloon until the balloon is full. Heat seal the balloon. Wrap the stem of the balloon on the cup provided. Place the cup into the base of the wonderful balloon. Push down to hide the cup.

Fill the bottle bag with a gift of your choice. Drop the Santa balloon into the bag. Make a bow with the coordinating ribbon.

Properly Hi-Float the 11 inch polka dot latex balloons. To ensure you get the correct amount of Hi-Float use the white restriction clip provided in your pump kit. Helium inflate the balloon and tie with ribbon. Make a balloon bunch by arranging your balloons properly. Attach the balloon to your gift.
