

Love Is In The Air Arch

ingredients needed:

255426
 9-ea Bubbles™
 Balloon

Q0541
 40-ea 5" Black Latex
 Balloon

Q26041
 9-ea Uninflated
 260 Balloons

15001
 Monofilament

equipment:

503
 Balloon Holder

831
 Mini Cool Aire®
 Dual Pro™ Inflator

BR74HG
 Dual Foil + Latex
 Inflator

Love Is In The Air Arch

directions:

Step 1: Helium inflate Bubbles™ Balloons with the latex tip until full. Tie an uninflated Q260 balloon to the stem.

Step 2: Helium inflate 9 more Bubbles™ Balloons. Attach to balloon holder

Step 3: Air-fill 5" balloons to be used as clusters.

Step 4: To make a balloon cluster, air-fill two 5" balloons to approximately 4.5". Tie the 2 necks together to make a duplet. Air-fill another duplet.

Step 5: Twist the 2 duplets together to form a cluster.

Step 6: Make 10 balloon clusters. Set aside.

Heart Day Balloon Arch

directions:

Step 7: Stretch monofilament line tightly between two points. Clip the pre-attached balloon ribbon off of the Bubbles™ Balloon. Tie the Bubbles™ Balloon to the monofilament line with the uninflated Q260 balloon. Repeat, spreading balloons approximately 18" apart. *Tip: Attach each balloon with a single knot first, to allow the balloon to be spaced correctly before tying a secure knot.*

Step 8: Slip the balloon cluster onto the balloon stem between the knot of the uninflated Q260 and the "bulb" of the balloon.

Step 9: To secure the cluster, twist the balloons around the stem of the Bubbles™ Balloon. When you have spaced the balloons properly along the length of the monofilament, secure the Bubbles™ Balloon in place by tying the uninflated Q260 balloon in a knot under the cluster. Clip off the excess Q260 balloon.

MERCHANDISING TIPS

Bubbles™ Balloon arches can be inflated up to 4 weeks prior to a holiday. For merchandising displays, make several balloon arches throughout the store. Decorate the registers, floral department, bakery, and center/main aisle. To turn your decorations into sales, clip the monofilament line on both sides of the bubble, DO NOT cut the stem of the Bubble balloon. Attach a ribbon and a weight and sell the balloon!
