### directions:

**Step 7:** Make two three-loop bows with the fabric ribbon and tie with holographic ribbon. Secure the bows by pressing onto the adhesive tape.

**Step 8:** To enhance the balloon arrangement, cut cello into squares. Dip each square into a low temperature glue pan. Be sure to use the yellow glue pillows (item #01560), as this glue is resistant to temperature fluctuations.

**Step 9:** Continue gluing cello squares around the neck of the bottle to enhance the bow.

### MERCHANDISING TIPS

**TIPS:** This balloon design make a perfect add-on sale. Consider cross-merchandising with your store's wine department.
