directions:

Attach two adhesive grip tabs to the bottom of the mug facing each other. Helium inflate three 18" foil balloons. Attach ribbon to the stem of each balloon. Arrange the balloons with one floating above the other two balloons. Tie this bunch directly to the adhesive tabs. Gently curl the 260 entertainer balloons using the Twist-N-Flate™. Place the 260 entertainer balloons inside the mug. Make a small bow with the polka dot ribbon and tie onto the arrangement.
