

PERFECT for creating large or small décor, the revolutionary design of Quick Links ensures the balloon maintains a uniform shape regardless of which ends are tied together—saving time + money!

MATERIALS

- 48—ea L-12-28**
12" White Quick Links
- 52—ea L-12-1346**
12" Asst. Tropical Big Polka Dots Quick Links
- 98—ea Q-05-28**
5" White Latex Balloons
- **15001**
Monofilament

INSTRUCTIONS

1: Inflate two 12" White Quick Links to 9" and tie together into a pair. Repeat to make another pair. Twist both pairs together to make a four-balloon cluster (see Fig. A).

2: Inflate two 5" White latex to 3½" and tie into a pair. Wrap this pair into the center of the cluster from Step 1, so that one White balloon is on the front and one is on the back.

3: Repeat Steps 1–2 to make eleven more White Quick Link clusters with White centers.

4: Inflate three four-balloon clusters of Yellow Polka Dot Quick Links sized to 9". Inflate three pairs of 5" White latex sized to 3½", and wrap each pair into the center of a Quick Link cluster.

5: Inflate two four-balloon clusters of Lime Green, two clusters of Robin's Egg Blue, two clusters of Purple Violet, two clusters of Wild Berry, and two clusters of Orange Polka Dot Quick Links sized to 9". Inflate ten pair of 5" White latex sized to 3½", and wrap each pair into the center of a Quick Link cluster.

6: Using the tips of the Quick Links, tie together five clusters side-by-side to make the top row of the wall (see Fig. B). Follow the colors and pattern shown to make all five rows of Quick Link clusters.

7: Inflate sixteen pairs of 5" White latex sized to 3½". Connect all the rows from Step 6 together by wrapping a pair around the Quick Link knots between each row as shown in the photo. Make sure to twist the 3½" balloons completely around each other to lock them in place, positioning one on the front and one on the back.

8: Tie the tips of the Quick Links together all around the outer border of the wall. Carefully trim the excess tips.

9: Inflate four four-balloon clusters of 5" White latex sized to 3½". Tie one cluster onto each corner of the wall using the Quick Link tip.

10: Suspend with monofilament.
