

AIR-FILL HEART WAND

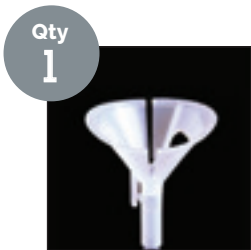

by Edward Muñoz, CBA®

Supplies

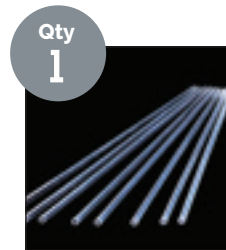

🕒 5 Minutes

18" Standard Balloon
Product #3394-18

MaxiCup™ II Balloon Cup
Product #CC107

MaxiStick™ II Balloon Stick
Product #HPS20C

Qualatex®
Hand Inflator
Product #HI795

Directions

1. Using the hand pump, air-fill the heart foil balloon.
2. Slip the tail of the balloon through the large hole in the balloon cup and wrap clockwise to the first hook, for short tails, or the second hook, for longer tails. Insert the remaining end of the tail into the vertical slit.
3. Insert the balloon stick into the bottom notch of cup (a dot of glue can go on the stick before insertion for added security).
